

# Gardening with Children

*Growing Florida's native flowers with Florida's children*

Saturday October 16, 2010

9:00 am – 11:30 am - 2.5 hours of In-service Training

Child Care Network 132 Children's Garden  
1040 Farmer Street, Crestview 32539

**Please plan to join us for a workshop in support of implementing  
Florida Wildflower Foundation Strategic Plan**

Goal 3: Support the Development of schoolyard habitats and native  
landscape demonstration projects that use native wildflowers.

*The Children and Nature movement supports the basic human need to be more connected to nature and  
fostering the idea that wildflowers are an integral part of that connection.*

Participants will be provided tour of gardens, you will learn to make your  
own recycled newspaper pots and receive native wildflower seed.

Guidelines and other valuable resources will be provided.

Questions or for more information please call
